Professional Summary

Passionate Frontend Developer with 2+ years of experience building responsive and high-performance web applications using **React.js**, **Next.js**, **Redux Toolkit**, **JavaScript (ES6+)**, **TypeScript**, **HTML5**, and **CSS3**. Skilled in creating user-centric interfaces, integrating **RESTful APIs**, and ensuring cross-browser and mobile compatibility. Experienced in **Agile teams**, version control with **Git**, and UI/UX design using **Figma**. Committed to writing scalable, accessible and maintainable code

Skills

- **Languages & Markup:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks & Libraries:** React.js, Next.js, Redux Toolkit, jQuery, Bootstrap
- **Styling & Preprocessors:** Tailwind CSS, SASS, LESS, CSS Modules
- **Tools & Version Control:** Git, Webpack, npm, Yarn
- **Testing & Debugging:** Jest, React Testing Library, Chrome DevTools
- **Design & Collaboration:** Figma, Agile methodologies, RESTful APIs, Responsive Design, Cross-browser Compatibility

Experience

Junior Frontend Developer, TOURAS TECH GLOBAL PVT LTD – Mumbai Jan 2023 – Present

- Developed scalable and responsive web applications using **React.js**, **Next.js**, **Redux Toolkit**, **TypeScript**, **JavaScript (ES6+)**, **HTML5**, **CSS3**, **Tailwind CSS**, and **Bootstrap**.
- Converted **Figma** wireframes and prototypes into **pixel-perfect**, **accessible**, and **user-friendly** interfaces following **WCAG accessibility standards**.
- Integrated **RESTful APIs** and handled **state management** efficiently using **Redux Toolkit** and React's Context API
- Ensured **mobile-first**, **cross-browser compatible** designs with optimal **web performance** and **SEO best practices**
- Collaborated with cross-functional teams in an **Agile/Scrum environment**, attending daily stand-ups and sprint reviews.
- Wrote and maintained **unit tests** using **Jest**, improving **code quality**, **test coverage**, and **bug detection**.
- Utilized **Git**, and **CI/CD pipelines** for **version control**, **code collaboration**, and **automated deployments**.

Frontend Developer Intern, GB Digital – Mumbai Feb 2022 – Aug 2022

- Contributed to the development of responsive web applications using **HTML5**, **CSS3**, and **JavaScript (ES6+)**.
- Translated **Figma** design mockups into functional and accessible **UI components** using semantic HTML and modular CSS.
- Integrated **RESTful APIs** to enable dynamic data rendering and enhance user interaction.
- Ensured **cross-browser compatibility**, **mobile responsiveness**, and **web performance optimization** using best practices.
- Used **Git** and **GitHub** for **version control**, **branching**, and **collaborative code management**.
- Applied basic principles of **web accessibility (WCAG)** and **SEO-friendly markup** for improved usability and discoverability.

Projects

Admin & Merchant Portal – RAK Bank (UAE)

Tenure: Nov 2023 – Present

A responsive merchant portal for RAK Bank, UAE, designed to streamline onboarding and financial management for business clients. Developed core onboarding journeys, integrated bank transaction statement viewing, and enabled secure payment processing via a white-label aggregator.

- **Tech Stack:** React.js, Material-UI, RESTful APIs, JavaScript, Redux, Tailwind CSS, SASS, CSS Modules
- Built with **React.js 17** and Tailwind CSS for a modern, responsive UI
- Used Redux for state management and integrated RESTful APIs for data handling
- Ensured cross-browser compatibility and accessibility compliance

Yagout – Payment Gateway Platform

Tenure: Jun 2024 – May 2025

Developed a payment gateway platform with modules for merchants and administrators. Enhanced user experience by integrating POS features and real-time data updates, and led the development of the PSP 2.0 portal for streamlined payment processing and merchant management.

- **Tech Stack:** Next.js, Material-UI, Redux, JavaScript, CSS Modules, RESTful APIs
- Built responsive interfaces using **Next.js 12**
- Collaborated with backend teams to integrate secure transaction services
- Focused on performance and accessibility

Official Websites – Touras UAE & Touras IN & SafexPay

Tenure: Sep 2024 – Present

Enhanced and maintained the official websites for Touras UAE and Touras IN, SapexPay focusing on usability, performance, and region-specific content integration. Worked closely with cross-functional teams to ensure consistent design and improved accessibility.

- **Tech Stack:** React.js, Next.js, Tailwind CSS, Material-UI, Redux, JavaScript, CSS Modules, RESTful APIs
- Used **Next.js 14** for server-side rendering and improved **SEO**
- Styled with **Tailwind CSS** for rapid UI development
- Ensured high performance and accessibility standards

CheckOut Payments Pages MCP and DCC For UAE

Tenure: Jan 2023 – Present

Integrated CheckOut.com payment pages supporting Merchant Category Code (MCC) and Dynamic Currency Conversion (DCC), enabling multi-currency transactions for UAE users. Ensured compliance with local payment regulations and collaborated with backend teams for secure transaction handling.

- **Tech Stack:** HTML5, JavaScript, CSS3, Bootstrap, Swiper.js
- Developed responsive payment pages
- Focused on security and compliance with UAE payment standards

Education

Bachelor of Engineering (B.E.) in Electronics & Communication Engineering

2015 – 2020

Amrita College of Engineering and Technology, Tamil Nadu

CGPA: 6.5

Achievements

- Recognized as "Emerging Star of Safexpay" – Frontend Team

Certifications

- **AWS Fundamentals**
- **HTML, CSS & JavaScript** – Coursera
- **ReactJS Complete Guide** – Udemy
- **Figma Complete Guide** – Coursera
